

# REFER A CHILD

to The Pyjama Foundation's Love of Learning Program!

The Pyjama Foundation supports children aged 0-24 years living in foster care, residential care, and kinship care.

## Do you know a child who would benefit from a mentor?

The Pyjama Foundation recruits, screens and trains committed volunteers (Pyjama Angels) to become mentors to young people in out of home care.

For one hour a week, volunteers spend one-on-one time with the young person, reading books aloud, playing educational games, and supporting them to believe in themselves.

This time has huge benefits for the young person and carers have also shared that their Pyjama Angel visits offer an hour of respite each week.

If you know of a young person who would benefit from some one-on-one support, please refer them today!
