

FACETIME BATTLESHIP

All you need for a fun game of Battleship on Zoom & FaceTime

PLAYERS

This is a two player game. Send your opponent a copy of this game pack.

GOAL

Sink all of your opponent's ships.

SETUP

Place all of your ships on your grid.
See "My Ships" on the next page.

HOW TO

Take turns firing shots by calling out grid coordinates (for example "B7"). The other player says "hit" or "miss". To keep track of your opponent's ships, mark an H on the top grid on a hit. Mark an M on the top grid for a miss.

IMPORTANT!

Players must tell opponent when a ship is sunk.

CHAMPION!

The first player to sink their opponent's ships wins!

YOUR SHIPS

Hide these ships on your grid!

AIRCRAFT CARRIER

Mark 5 consecutive boxes with the letter A.

BATTLESHIP

Mark 4 consecutive boxes with the letter B.

CRUISER

Mark 3 consecutive boxes with the letter C.

SUBMARINE

Mark 3 consecutive boxes with the letter S.

DESTROYER

Mark 2 consecutive boxes with the letter D.

PLACEMENT RULES

Each ship must be positioned vertically or horizontally across grid spaces - and the ships cannot hang off the grid. Ships can touch each other, but they can't occupy the same grid space. You cannot change the position of the ships after the game begins.
